RAY REPORTING, INC.* (414) 347-5599

1 you informed that the shell casing was found
2 near the fence on the far left side of where
3 Officer Gonzales was standing?

4 A That wouldn't surprise me.

5 Q Did you know that?

6 A No.

7 Q Did you look to see how far away from Officer
8 Gonzales the shell casing was located when it
9 was found by Officer Thorne?

10 A No.

11 Q Did you look to see whether there was any
12 evidence of blood spatter on the windshield of
13 the Nissan?

14 A I can't recall.

15 Q Based upon all your years on the force, would
16 you expect that if a bullet was put through
17 somebody's head within a few feet of a
18 windshield, and that the bullet was traveling
19 towards the windshield, would you expect to see
20 evidence of blood spatter on the windshield?

21 MR. REAK: Object to the form of the
22 question.

23 THE WITNESS: You would see blood
24 spattered.

25 BY MR. DUNPHY:

1 Q Pardon?

2 A If a bullet went through, and through a head,
3 there would be blood spatter.

4 Q Did you look to the file to see if there was
5 any evidence of damage that would indicate what
6 the bullet struck after it passed through
7 Michael Bell's head?

8 A No.

9 MR. REAK: Object to the form of the
10 question. I realize I'm late.

11 BY MR. DUNPHY:

12 Q Have you given any consideration to reviewing
13 the testimony of the officers that has been
14 given in this case?

15 MR. REAK: Object to the form of the
16 question.

17 THE WITNESS: No.

18 BY MR. DUNPHY:

19 Q Have you asked to see it?

20 A No.

21 Q Have you asked -- Do you know the pathologist
22 who conducted the autopsy has testified in this
23 case?

24 A I didn't know that.

25 Q If you were given the testimony of the officers
